The old way
(things Bidify automates)

Proposal Management

Content Library

Images, graphics, tables

Forms & signatures

RFP Sourcing

bidify
High-quality proposal automation

Bidify automates every step of the proposal process:
- Simple categorization for easy project management
- Auto-creation of knowledge base to replace the old school way of manually creating a content library
- Auto-transfer of images, graphics, and tables from old proposals to knowledge base*
- Auto-form fill and signature integration*
- AI based RFP sourcing and analytics*
